Dear Nicholas,

We received your donation of \$500 on 12/23/2013. Thank you for your generosity.

Each year we have our challenges at Enable. A repair at a home becomes an issue. Someone we are serving struggles due to health or mental health challenges. Staff need encouragement because even though the work is rewarding, the pay is low. Since much of the work we do is funded through government entities, there are new regulations and reporting requirements that demand so much of our time and attention.

When you come through with financial support, I can't tell you how much that means to us. Your gift reminds us that we are not alone with these challenges.

Our main goal at Enable is to help people with disabilities and seniors live full and independent lives within the community. Your kindness helps them do that. In the rush of our busy lives, and the competing priorities for both our time and our monies, thank you for remaining mindful of those who have long term needs and need you to stand by them through the years.

We wish you, and those in your circle of friends and family, a wonderful new year.

Sincerely,

*Sharon* <sup>KP</sup>
